

OUR MISSION

To develop boys, young men, and their fathers into godly leaders through Christ-centered wilderness experiences, adventure-based activities, and disciple-building relationships, for the glory of God.

We believe that boys thrive when they are challenged, encouraged, and immersed in the beauty of God's creation. Since our founding, we've provided a Christ-centered wilderness camp experience that builds character, fosters friendships, and strengthens faith.

Nestled in the heart of New York's Adirondack Mountains, Northern Frontier offers an environment where boys can unplug from distractions and engage in adventure, personal growth, and spiritual discovery. From in-camp programs to out-of-camp wilderness trips, every activity is designed to encourage leadership, teamwork, and a deeper relationship with God.

**LEADERSHIP
PROGRAMS**

RAISING LEADERS

Developing Christ-centered leaders, our programs provide young men with the tools and confidence to guide and inspire. Through hands-on challenges, mentorship, and team-building activities that promote growth into confident, capable leaders rooted in Christ.

SERVE WITH PURPOSE

Leadership at Northern Frontier is about having a servant's heart. Whether leading activities, guiding younger campers, or helping in daily camp operations, young men learn to model Christ's example by putting others first.

LEGACY OF LEADERSHIP

After completing our programs, leave camp ready to lead in their communities, churches, and beyond. Rooted in biblical principles, they carry forward the lessons of faith, courage, and perseverance.

CORE TRAINING

CORE Training is a capstone experience for campers focusing on leadership, personal growth, and spiritual reflection. Young men build resilience through outdoor challenges and spiritual guidance.

SERVICE CREW

A behind-the-scenes experience that builds humility, teamwork, and practical skills as young men serve the camp community, gain practical skills and grow in humility through service.

LOOKING FOR MORE? JOIN OUR STAFF!

On our staff, young men learn to mentor campers, lead activities, and exemplify Christ in all they do. Junior counselors learn to run activities, manage groups, and foster spiritual growth in a fun and supportive environment. By the program's end, they're equipped to step into roles as confident leaders and Christ-like examples.
