ARE YOU?

OUR MISSION

“To develop boys, young men, and their fathers into godly leaders through Christ-centered wilderness experiences, adventure-based activities, and disciple-building relationships, for the glory of God.”

OUR STORY

Northern Frontier Camp is a place where stories are told. Moments become memories grown and passed around a campfire, hiking on a trail, or traveling home from another adventurous week at camp. Each experience becomes part of the story we've been telling since 1946.

First known simply as Frontier Camp, we started as a group of men committed to the cause of building up the next generation of godly men. They were spurred on by Joe Coughlin, a visionary ministry leader and founder of Christian Service Brigade. Known as the Frontiersmen, they traveled in station wagons hosting week-long campouts. Boys came to learn skills, play games, and hear the good news of Jesus Christ.

For twenty years, faithful men like Lee Troup and Bruce Baker kept the camp growing as it moved from various locations. In 1958, the Brigade Camping Association was formed to acquire a permanent place for Frontier Camp. After a lengthy search, the decision was made to lease a property in North River, New York, in 1964. The summer of 1966 welcomed the first cabins of campers, and we found a place to call our home.

From the beginning, Northern Frontier Camp has aimed to help boys and young men grow in their walk with God. We provide intentional challenges designed to encourage personal growth that is spiritual, physical, and emotional. Our campers engage in many activities where they gain experience in camp skills, grow in godly character, and learn Christian service.

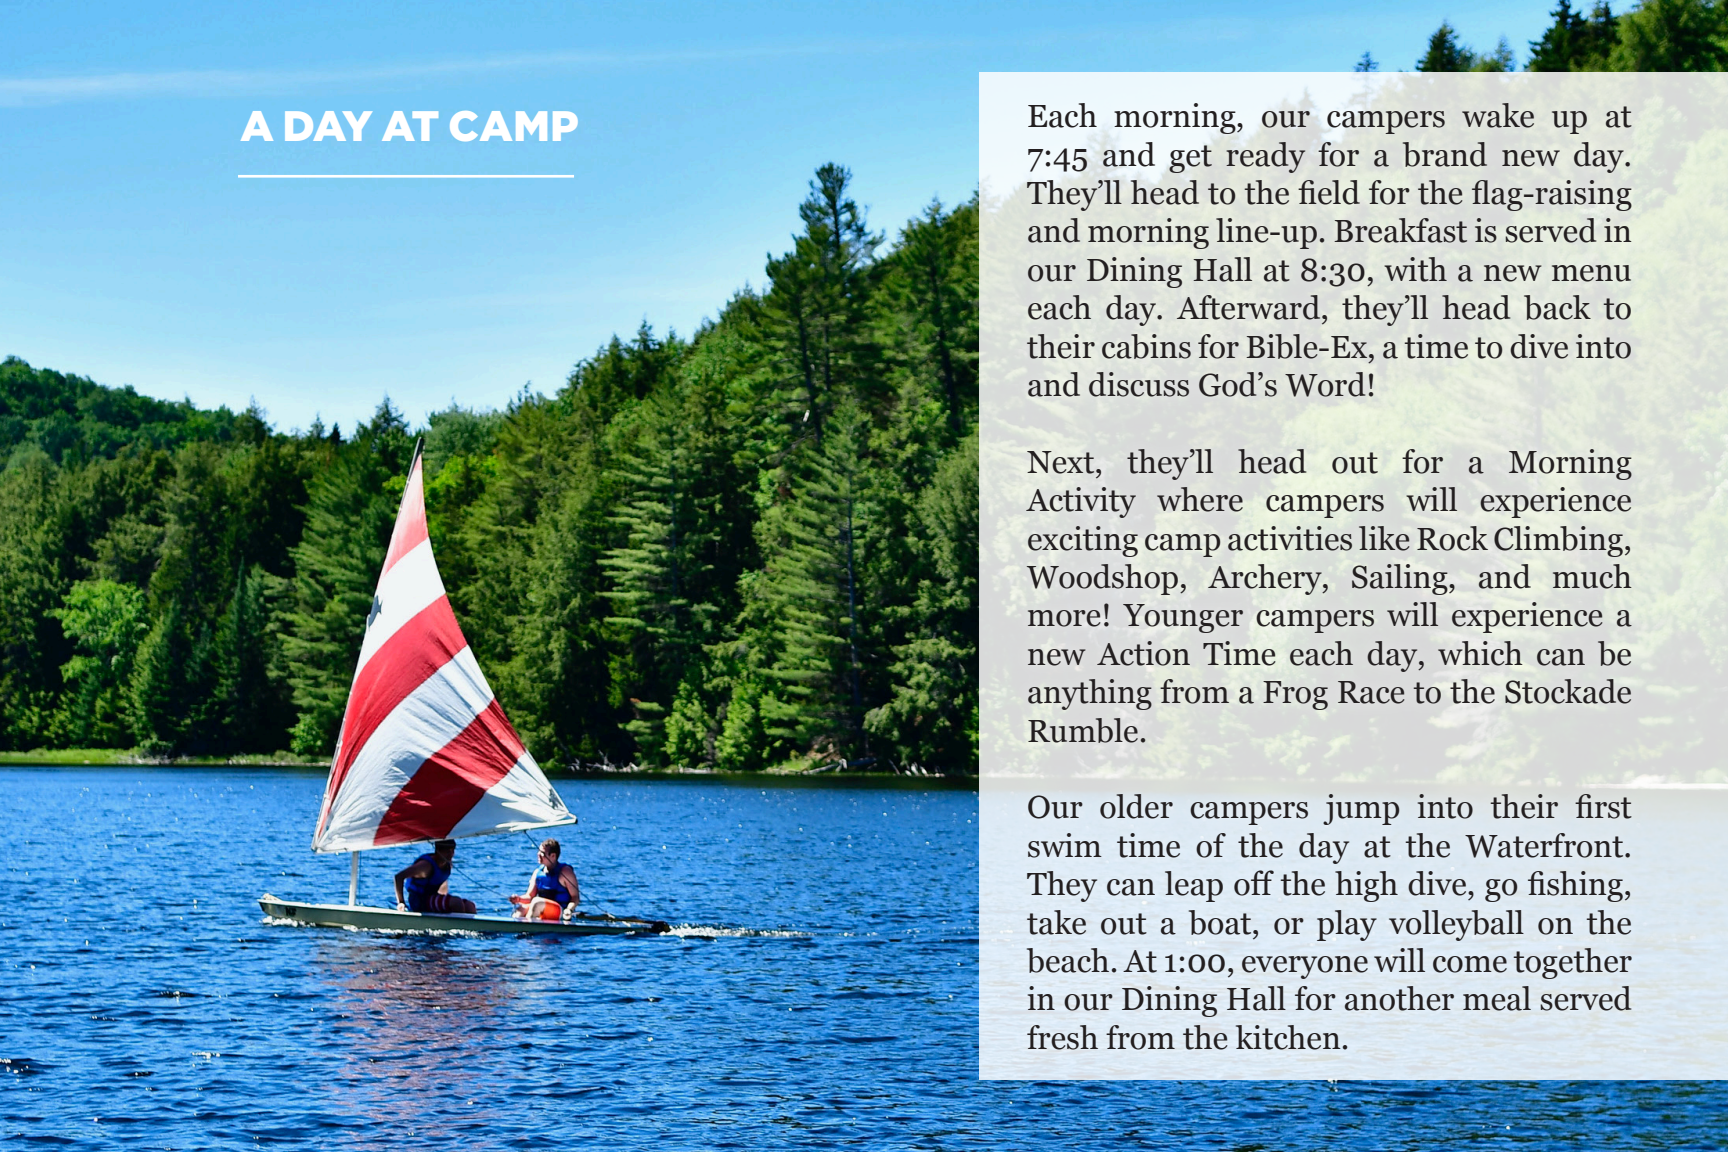

A DAY AT CAMP

Each morning, our campers wake up at 7:45 and get ready for a brand new day. They'll head to the field for the flag-raising and morning line-up. Breakfast is served in our Dining Hall at 8:30, with a new menu each day. Afterward, they'll head back to their cabins for Bible-Ex, a time to dive into and discuss God's Word!

Next, they'll head out for a Morning Activity where campers will experience exciting camp activities like Rock Climbing, Woodshop, Archery, Sailing, and much more! Younger campers will experience a new Action Time each day, which can be anything from a Frog Race to the Stockade Rumble.

Our older campers jump into their first swim time of the day at the Waterfront. They can leap off the high dive, go fishing, take out a boat, or play volleyball on the beach. At 1:00, everyone will come together in our Dining Hall for another meal served fresh from the kitchen.

The afternoon features more Camp Activities and Swim Time. We also open our Camp Store, where campers can enjoy a variety of snacks and soft drinks. Dinner is served at 6:00, followed by a big group activity. Each night there's something different, like Water polo, Capture the Flag, an Evening Hike, and more!

As the day winds down, campers again report to the field to lower the flag. From there, they'll gather around a campfire to sing silly songs, be entertained by a funny skit, and lift their voices in worship. The campfire concludes with a story told by one of our staff. Each story is unique, whether it be a legend of old, a personal testimony, or a bible story retold, and ends with a meaningful application from Scripture.

At 9:45, campers return to their cabins, wash up for bed, share stories about what happened that day, and turn in—ready for another day of adventure!

NORTHERN FRONTIER IS FOR...

BOYS AND YOUNG MEN!

Join us for a week of our premier summer camp program! Boys, ages 8 through 11, become part of our Stockade Camp. They'll experience all the highlights, doing different activities every day. Campers ages 12 through 16 join our Battalion Camp, where they will advance through two specialized activities of their choosing. At mid-week, we send cabins out to sleep overnight in tents, cook a meal over a campfire and learn some wilderness skills!

OUTDOOR ADVENTURES!

A Northern Frontier experience is never complete without going on one of our adventure trips. Leave the cabin life behind and head out into the great outdoors! The Explorer Trip is a great first trip featuring fishing, rock climbing, and summiting a high peak all in one week! We have many other trips, including the Kayak Trip, 46th Challenge, and Mountain Trip.

FATHER & SON BONDING!

Tree Climbers is our traditional camper program for fathers and sons. A three-day session, this is a great introduction for young campers getting a taste for what camp has to offer.

Our father-and-son programs are loaded with opportunities to spend one-on-one, growing closer to God together!

The perfect way to create life-long memories while sharing an adventure-filled experience!

Grab your pack and paddle and enjoy the beautiful Adirondack waterways on our Father & Son Canoe Trip. For anglers, we have a Fishing Trip where you'll hike to a variety of spots and fish for days!

Father & Son Camp is a unique experience where you'll handcraft a schedule picking from a wide-range of activities.

GROWING GODLY LEADERS!

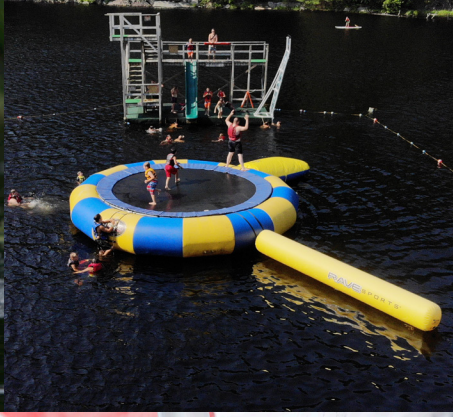

CORE Training is a two-week program that challenges older campers to grow spiritually, physically, and as leaders through wilderness experiences and purposeful activities.

The Service Crew program builds on this foundation, teaching humility and teamwork through hands-on tasks like washing dishes and cleaning floors while fostering a heart for servant leadership.

For those ready to take on even greater responsibility, Junior Counselor roles provide an opportunity to guide younger campers and support camp activities as leaders in action.

WHAT PEOPLE SAY ABOUT NF...

"I really found out who I was at Northern Frontier. I know that the friends that I met at NF will become relationships that last a lifetime."

- Peter (Camper & Staff)

"A great experience for my son. It has helped him to grow into a strong man of Christ. He is now a staff member and still growing in the Lord. So happy for the Godly leadership at NF that help our boys grow into men."

- Susan (Mother)

"Northern Frontier has many opportunities for boys to be surrounded by godly men who desire them to also be men of God."

- Ted (Father)

"NF was a great place to spend my summers, and I enjoyed each of the camper programs and trips that I was able to attend. It was a great place to work. I appreciated the intentional Christian discipleship and leadership that I received at each stage in life."

- Ben (Alumni)
